

Region 3 GPRA Baseline RCRA Corrective Action Facility

Advanced Environmental Technical Services, L.L.C.

**1050 West 11th Avenue
Coatesville, PA 19320
Congressional District 16
EPA ID #: PAD064375470
Final Update**

Current Progress at the Site

On September 30, 1996, EPA determined that Advanced Environmental Technical Services, L.L.C. has fulfilled all the conditions of the Resource Conservation and Recovery Act (RCRA), the Hazardous and Solid Waste Amendments (HSWA) Permit and there is no further investigation or cleanup required at the Advanced Environmental Technical Services, Coatesville, PA site. The portion of the EPA full RCRA Corrective Action Permit, was issued to the facility on December 30, 1988.

There was no further corrective action required on the site in 1996. The human exposures and the release to groundwater were controlled. The Pennsylvania Department of Environmental Protection (PADEP) permit for the Advanced Environmental Technical Services, Coatesville facility remained in effect until January 17, 1999. Since operations at the facility were curtailed in 1996, the facility must notify and receive new permit from PADEP, if Advanced Environmental Technical Services expects to restart operations.

Site Description

The Advanced Environmental Technical Services, L.L.C. (Chemical Waste Management of Pennsylvania, Inc.) located at 1050 West 11th Avenue, Coatesville, Pennsylvania was a storage/treatment facility for hazardous and residual waste. The facility functions were an intermediate transfer station for consolidating and treating wastes prior to off-site disposal. No disposal activities were conducted at the site. The operations at the facility were curtailed in 1996.

Site Responsibility

RCRA Corrective Action activities at this facility are being conducted under the direction of EPA Region 3 with assistance from the State.

Contaminants

There are currently no human or environmental threats due to contamination at the facility.
